ABOUT ONS

ONS Sustainable Energy Solutions is a professionally managed Clean Energy and Sustainability company committed to helping organizations reduce energy costs, improve operational efficiency and achieve long-term environmental sustainability.

We deliver end-to-end Engineering, Procurement and Construction (EPC) solutions for rooftop and ground-mounted solar power plants, EV charging infrastructure and energy management systems across residential, commercial, industrial, educational and government sectors.

Our focus is simple—deliver reliable solutions, superior quality and measurable financial returns while building long-term relationships based on trust, transparency and service excellence.

OUR VISION

To become one of India's most trusted providers of clean energy solutions by delivering innovative, reliable and sustainable technologies that create lasting value for our customers.

OUR MISSION

To empower organizations and communities with efficient renewable energy solutions that reduce operating costs, promote environmental responsibility and contribute to India's clean energy transition.

WHAT WE DO

Rooftop Solar Power Plants

Industrial Solar Solutions

Commercial Solar Projects

Educational Institutions

Hospitals & Healthcare

Hotels & Hospitality
